Python (Intermediate), JavaScript (ES6+), C/C++ (Basic), HTML5, CSS3

Frameworks & Libraries

Django, React.js, Node.js (Basic), Tailwind CSS

Tools & Platforms

Git, GitHub, VS Code, Vercel

Core Concepts

REST APIs, Web Architecture, CRUD Operations, Database Management

EDUCATION

Bachelor of Engineering in Computer Engineering | 2020 – 2026 (Expected)

United Technical College, Bharatpur, Nepal

- All coursework and classes completed; currently awaiting final back exams.
- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems

Higher Secondary Education (+2 Science) | 2018 – 2020

Orchid Science College, Bharatpur, Nepal

PROJECTS

Django Practice Application

Technologies: Python, Django

- Built a backend application to deepen understanding of Django's MVT architecture.
- Implemented secure CRUD operations and database relationships using Django Models.
- Managed version control with Git/GitHub for an organized development workflow.

Aurora Technology Acquisition Corp (auroraspac.com)

Technologies: React.js, JavaScript

- Developed a responsive corporate website with cross-browser compatibility and optimized performance.
- Collaborated on UI/UX implementation according to client branding and requirements.

Gabe Waste Pickup (gabe-waste-pickup.vercel.app)

Technologies: React.js, Vercel

- Designed and deployed a service-oriented web application with a strong focus on user experience.
- Ensured mobile responsiveness and optimized frontend performance.

FREELANCE EXPERIENCE

Freelance Web Developer (Remote) | 2022 – 2024

- Delivered 5+ custom web solutions, managing full project lifecycle from requirements gathering to deployment.
- Provided ongoing maintenance, troubleshooting, and post-deployment support.
- Maintained clear professional communication and used collaboration tools to achieve 100% on-time delivery.

CERTIFICATIONS

- Google IT Support Professional Certificate
- Foundations of User Experience (UX) Design – Google
